Unique Student Identifier (USI)

From 1 January 2015, AIM Institute of Health & Sciences can be prevented from issuing you with a nationally recognised VET qualification or statement of attainment when you complete your course if you do not have a Unique Student Identifier (USI).

If you have not yet obtained a USI you can apply for it directly at http://www.usi.gov.au/create-your-USI/ on computer or mobile device.

18. Enter your unique student identifier If you already have one

19. If you do not have a USI, would you like us to apply for a USI on your behalf?

Yes – <u>please complete 'Applying on your behalf', questions and</u> declaration.

No – skip to next section

APPLYING ON YOUR BEHALF

If you would like AIM Institute of Health & Sciences to apply for a USI on your behalf you must authorise us to do so and declare that you have read the privacy information at https://www.usi.gov.au/documents/privacy-notice-when-rto-applies-their-behalf

You must also provide some additional information as noted at the end of this form so that we can apply for a USI on your behalf. Please provide your town/city of birth and ensure that the name written in 'Personal Details' section is exactly the same as written in the document you provide below.

In accordance with section 11 of the Student Identifiers Act 2014, AIM Institute of Health & Sciences will securely destroy personal information which we collect from individuals solely for the purpose of applying for a USI on their behalf as soon as practicable after we have made the application or the information is no longer needed for that purpose, unless we are required by or under any law to retain it.

- 20. Town/City of Birth (please write the name of the Australian or overseas town or city where you were born)
- 21. We will also need to verify your identity to create your USI. Please provide details for one of the forms of identity below (numbered 1 to 7).

1. Australian Driver's Licence State: Licence Number:			Non-Australian Passport (with Australian Visa) Passport number Country of issue Immicard

PRIVACY NOTICE

Why we collect your personal information

As a registered training organisation (RTO), we collect your personal information so we can process and manage your enrolment in a vocational education and training (VET) course with us.

How we use your personal information

We use your personal information to enable us to deliver VET courses to you, and otherwise, as needed, to comply with our obligations as an RTO.

How we disclose your personal information

We are required by law (under the National Vocational Education and Training Regulator Act 2011 (Cth) (NVETR Act)) to disclose the personal information we collect about you to the National VET Data Collection kept by the National Centre for Vocational Education Research Ltd (NCVER). The NCVER is responsible for collecting, managing, analysing and communicating research and statistics about the Australian VET sector.

We are also authorised by law (under the NVETR Act) to disclose your personal information to the relevant state or territory training authority.

How the NCVER and other bodies handle your personal information

The NCVER will collect, hold, use and disclose your personal information in accordance with the law, including the Privacy Act 1988 (Cth) (Privacy Act) and the NVETR Act. Your personal information may be used and disclosed by NCVER for purposes that include populating authenticated VET transcripts; administration of VET; facilitation of statistics and research relating to education, including surveys and data linkage; and understanding the VET market.

The NCVER is authorised to disclose information to the Australian Government Department of Education, Skills and Employment (DESE), Commonwealth authorities, State and Territory authorities (other than registered training organisations) that deal with matters relating to VET and VET regulators for the purposes of those bodies, including to enable:

administration of VET, including program administration, regulation, monitoring and evaluation

facilitation of statistics and research relating to education, including surveys and data linkage understanding how the VET market operates, for policy, workforce planning and consumer information.

The NCVER may also disclose personal information to persons engaged by NCVER to conduct research on NCVER's behalf.

The NCVER does not intend to disclose your personal information to any overseas recipients.

For more information about how the NCVER will handle your personal information please refer to the NCVER's Privacy Policy at www.ncver.edu.au/privacy.

If you would like to seek access to or correct your information, in the first instance, please contact your RTO using the contact details listed

DESE is authorised by law, including the Privacy Act and the NVETR Act, to collect, use and disclose your personal information to fulfil specified functions and activities. For more information about how the DESE will handle your personal information, please refer to the DESE VET Privacy Notice at https://www.dese.gov.au/national-vet-data/vet-privacy-notice.

You may receive a student survey which may be run by a government department or an NCVER employee, agent, third-party contractor or another authorised agency. Please note you may opt out of the survey at the time of being contacted.

Contact information

At any time, you may contact AIM Institute of Health & Sciences to:

request access to your personal information correct your personal information

make a complaint about how your personal information has been handled

ask a question about this Privacy Notice

DISABILITY SUPPLEMENT

If you indicated the presence of a disability, impairment or long-term condition, please select the area(s) in the following list: Disability in this context does not include short-term disabling health conditions such as a fractured leg, influenza, or corrected physical conditions such as impaired vision managed by wearing glasses or lenses.

'11 - Hearing/deaf'

Hearing impairment is used to refer to a person who has an acquired mild, moderate, severe or profound hearing loss after learning to speak, communicates orally and maximizes residual hearing with the assistance of amplification. A person who is deaf has a severe or profound hearing loss from, at, or near birth and mainly relies upon vision to communicate, whether through lip reading, gestures, cued speech, finger spelling and/or sign language.

'12 - Physical'

A physical disability affects the mobility or dexterity of a person and may include a total or partial loss of a part of the body. A physical disability may have existed since birth or may be the result of an accident, illness, or injury suffered later in life; for example, amputation, arthritis, cerebral palsy, multiple sclerosis, muscular dystrophy, paraplegia, quadriplegia or post-polio syndrome.

In general, the term 'intellectual disability' is used to refer to low general intellectual functioning and difficulties in adaptive behaviour, both of which conditions were manifested before the person reached the age of 18. It may result from infection before or after birth, trauma during birth, or illness.

'14 - Learning'

A general term that refers to a heterogeneous group of disorders manifested by significant difficulties in the acquisition and use of listening, speaking, reading, writing, reasoning, or mathematical abilities. These disorders are intrinsic to the individual, presumed to be due to central nervous system dysfunction, and may occur across the life span. Problems in self-regulatory behaviours, social perception, and social interaction may exist with learning disabilities but do not by themselves constitute a learning disability.

'15 - Mental illness'

Mental illness refers to a cluster of psychological and physiological symptoms that cause a person suffering or distress and which represent a departure from a person's usual pattern and level of functioning.

'16 - Acquired brain impairment'

Acquired brain impairment is injury to the brain that results in deterioration in cognitive, physical, emotional or independent functioning. Acquired brain impairment can occur as a result of trauma, hypoxia, infection, tumor, accidents, violence, substance abuse, degenerative neurological diseases or stroke. These impairments may be either temporary or permanent and cause partial or total disability or psychosocial maladjustment.

'17 — Vision'

This covers a partial loss of sight causing difficulties in seeing, up to and including blindness. This may be present from birth or acquired as a result of disease, illness or injury.

'18 - Medical condition'

Medical condition is a temporary or permanent condition that may be hereditary, genetically acquired or of unknown origin. The condition may not be obvious or readily identifiable, yet may be mildly or severely debilitating and result in fluctuating levels of wellness and sickness, and/or periods of hospitalization; for example, HIV/AIDS, cancer, chronic fatigue syndrome, Crohn's disease, cystic fibrosis, asthma or diabetes.

'19 - Other'

A disability, impairment or long-term condition which is not suitably described by one or several disability types in combination. Autism spectrum disorders are reported under this category.

Application Checklist Provide a copy of the following d verification): Please tick those that	ocuments with your application (you will need to bring the originals to your orientation day for at you are providing.
